One side has won.

But at what cost?

The War is over.

No team has been left unchanged, no hero left untouched. Trust among those who once fought together is shattered.

Who is a friend?

Who can they call an ally?

Who is a hero and who is a villain?

The old ways of heroes are gone.

Rising from the ashes of the past comes a new direction. A new breed of hero.

PREVIOUSLY IN... THE SUPREME POWER UNIVERSE

The Squadron Supreme is just that. Enlisted by the United States government to protect America's interests at home and abroad, this team of super-powered individuals has been trained to operate with extraordinary force and unified military precision.

No quarter given, none asked. Secretly, however, it is comprised of a diverse group of individuals with separate – and sometimes sinister – agendas.

THE ULTIMATE UNIVERSE

Reed Richards, handpicked to join the Baxter Building think tank of young geniuses, spent his youth developing a teleport system that transported solid matter into a parallel universe canned the N-Zone.

Its first full-scale test was witnessed by Reed, fellow think tank members Sue Storm and her brother Johnny, as well as Reed's childhood friend Ben Grimm.

There was an accident. The quartet's genetic structures were scrambled and recombined in a fantastically strange way. Reed's body stretches and flows like water. Ben looks like a thing carved from desert rock. Sue can become invisible. Johnny generates flame.

For all our heroes, these new powers have been a mix of scientific wonder and heroic joy...all except Ben, who has become a tortured soul, trapped in a rocky

prison he will never escape. Reed has vowed to find a cure for his friend...but has yet to succeed.

These two universes have existed on parallel planes, each unaware of the other's existence. All of that is about to change. Neither Universe will remain unchanged, and not everyone will be going back to their original homes...

ULTIMATE POWER #4 (of 9)

Written by J. MICHAEL STRACZYNSKI

Pencils and Cover by GREG LAND

As the Fantastic Four's leader Reed Richards languishes in the other-dimensional home world of the Squadron Supreme, Nick Fury's not taking it lying down! He and the Ultimates plan to bring him back... by any means necessary. What could happen next?
